

# CITY OF HUNTSVILLE

## PUBLIC INVOLVEMENT MEETING

**ALDOT Project No. RP-4519**  
**City of Huntsville Project No. 71-19-SP45**

Arsenal East Connector

Tuesday, September 27<sup>th</sup>, 2022  
Morris School Auditorium  
4801 Bob Wallace Ave SW  
Huntsville, AL 35805  
4:00 P.M. to 7:00 P.M.

Dear Citizen:

Welcome and thank you for attending this Public Involvement Meeting for:

**CITY OF HUNTSVILLE PROJECT NUMBER: 71-19-SP45**

**Arsenal East Connector Project**

The purpose of this meeting is to present information and solicit comments on this proposed project. Your comments, along with other factors such as environmental impacts, engineering aspects and cost, will be used to progress the design of this project.

This meeting will provide an opportunity for you to review and inspect the information on the proposed project. Representatives from The City of Huntsville and their designers are available to explain the scope of this project and answer any questions that you may have as it relates to their area of expertise.

For accurate documentation, you are encouraged to submit your written comments at this evening's meeting or by **October 11, 2022**, to the address listed below:

Volkert, Inc.  
ATTN: Jason Goffinet  
200 Clinton Ave. W, Suite 1030  
Huntsville, AL 35801

In addition, comments can be submitted by:

**Online Comment Form:** [www.huntsvillempo.org/arsenal-east-connector/](http://www.huntsvillempo.org/arsenal-east-connector/)  
**Phone:** (256) 571-7229 (Limit 3 minutes)      **Email:** [arsenal.east.alabama@volkert.com](mailto:arsenal.east.alabama@volkert.com)

We thank you for your interest, attendance, and participation.

# Proposed Arsenal East Connector

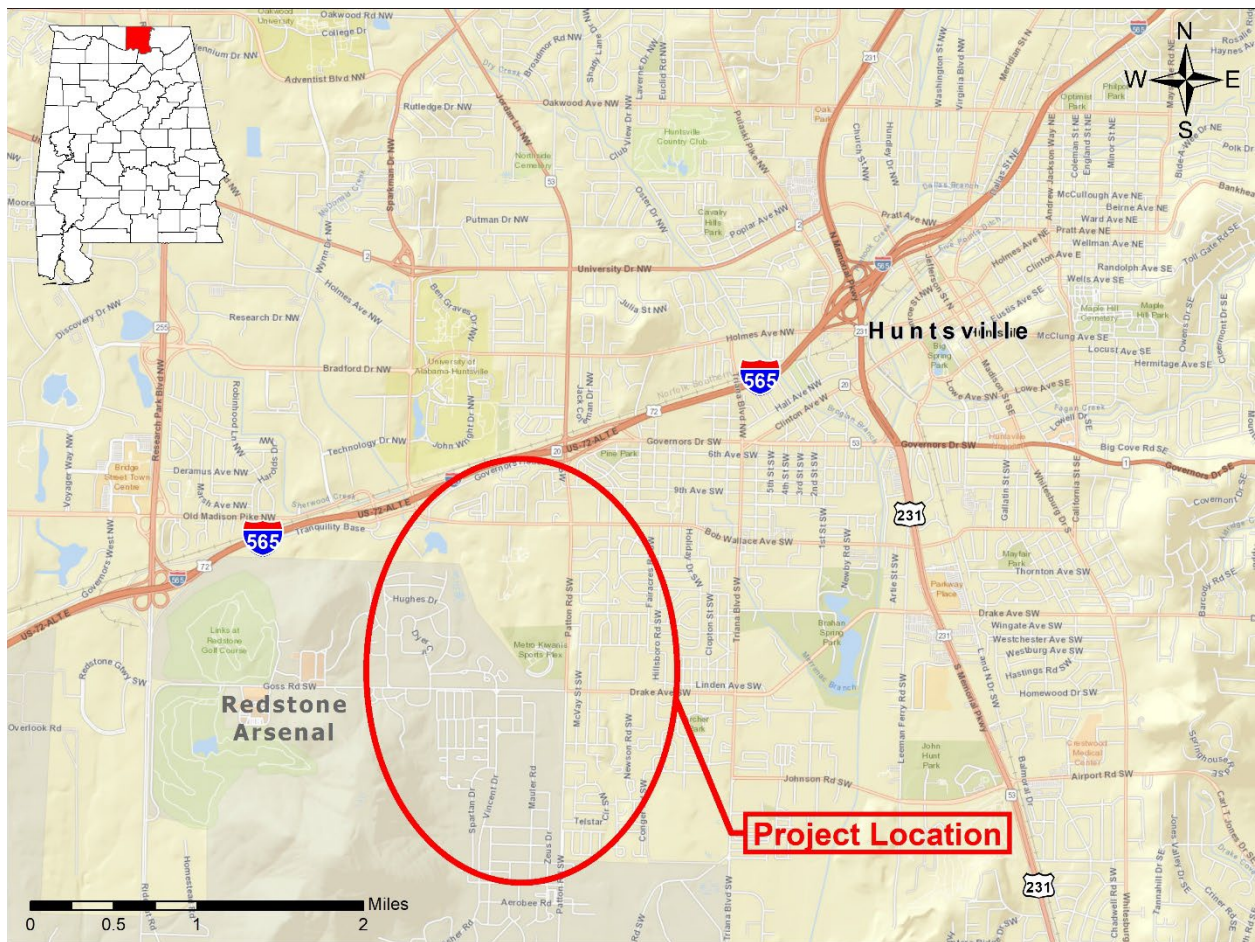

## Purpose and Need:

The purpose of the proposed project is to reduce congestion and improve access to the U.S. Army's Redstone Arsenal from Interstate 565 (I-565) in Huntsville, Alabama.

The project is needed because the capacities of Patton Road SW and Goss Road SW between Interstate 565 and the Redstone Arsenal's Gates 8 and 10 are inadequate to meet the current and future traffic volumes, resulting in congestion and reduced access to the Redstone Arsenal.

## Project Description:

The Arsenal East Connector project proposes to provide roadway improvements from I-565 to the Redstone Arsenal.

**Project Number:** 71-19-SP45  
Arsenal East Connector, Madison County

One item of special importance to us is the identification of sites on our projects where contamination may have occurred due to the storage, handling, or disposal of hazardous materials. It is important that we identify such sites prior to acquiring right-of-way. Otherwise, taxpayers may incur responsibility for the cleanup of any such contamination. We appreciate any information given us on sites adjacent to this project where the following materials may have been stored, handled, spilled/leaked, or disposed of plating waste, solvents and petroleum products, dry cleaners' fluids, fertilizers, pesticides, foundry waste, paints, or other suspect materials. We especially appreciate help in identifying old gasoline station sites.

Please give any comments you have concerning hazardous wastes:
